

# **RUSH PROTOCOLS**

## **A Framework for Community Participation and Engagement in Public/Private Construction Projects**

- Establishment of subcontracting and employment opportunities of Public/Private Construction Projects through the identification of projects scopes of work.
- Establishment of contracting percentages for African-American contractors to be eligible to bid on.
- Establishment of a Community Liaison to work with the prime and subcontractors and the community to employ the indigenous workforce within said community.
- Critical selection of a community based negotiating team to interact with Prime and Subcontractors.
- Establishment of a parameter to work with Prime and Subcontractors and Labor Unions to maximize participation of African-American tradesmen and women.
- Establishment of process for Prime Contractors and any Principal Subcontractors to team and mentor African-American contractors.
- Memorializing details of the areas of agreement in a Memorandum of Understanding,
